### Our school strategies are showing substantial progress toward our targets

After reviewing our *Great Results Guarantee* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Provide teachers with additional planning time to analyse and respond to NAPLAN student performance data in order to identify targeted interventions for identified students.
- Provide teachers with professional development in the teaching of Literacy strategies by employing John Munro for professional development workshops.
- Participate in the Junior Secondary Numeracy Alliance Project to improve teachers' classroom pedagogy and content knowledge.
- Build teacher capacity through professional development in using data and evidence to determine appropriate work level for students.
- Use the Master Teacher and the Pedagogy Coach to support staff in the development of improved classroom pedagogy and the analysis and interpretation of data.
